Technical Complementary courses are selected from an approved list given on the next page.

The Complementary Studies (CS) courses are Impact of Technology courses (Group A) and Humanities & Social Sciences, Management Studies and Law courses (Group B). These must be chosen from an approved list of courses/departments, found in the program list under "Complementary Studies" in the Programs, Courses and University Regulations Calendar ([www.mcgill.ca/study](http://www.mcgill.ca/study)).

Students are responsible for satisfying pre/co-requisites and verifying with their department that they are meeting the requirements of their program.
